

BUCKEYE UNION SCHOOL DISTRICT

Why be an IB MYP school?

Engage our students in the learning process - passive behavior is becoming the norm

To allow our students to look beyond El Dorado County with not as much diversity and understand the world is very diverse full of different perspectives.

- We understand the science behind learning better than we ever have.
- Move away from rote memorization
- Our students are growing up in a digital & globalized world... they need to be prepared for it!

Because a well-integrated & comprehensive program that produces well-rounded students is what is best for everyone

Best for kids

Where are we in the process?

- We have applied for candidacy and are official “Candidate Schools” at both sites.
- We have sent 20 teachers & administrators to CAT 1 training as required by IB.
- We have held the “Developing the MYP” whole school, required training.
- We have begun working on our 2 Unit Planners required before Authorization.

What's Next?

- Continue planning 2 Units for each Subject Group.
- Build, and articulate, policies: Academic Honesty, Inclusion, Assessment, Language Development.
- Look for, and plan, training opportunities around ATL skills.
- Apply for Authorization. We look to be ready in 18 months.
