

Prior to the new school year starting, there are often school supplies on sale and parents are interested in what they might provide for their child's upcoming return to school. The following supply lists have been developed for parents who wish to know what supplies might benefit their child at their grade level.

*Please note: California law states that school districts must furnish the necessary supplies needed for classroom use. The items on this supply list are recommended/optional supplies. Providing these items is voluntary. If, for any reason, parents choose not to send supplies, the necessary items will be provided for all students.*
