

The time for registering 8th grade students for High School is approaching!

Valley View works together with the El Dorado Union High School District (EDUHSD) beginning in December. With the provided student information from VVCM, the high school district identifies the high school for each student based on the residency. If you are not sure which high school your residence is zoned for, please refer to the [EDUHSD School Boundaries Map](#) or contact your home district. If a student resides:

- in a *dual boundary* area, you will receive a letter from EDUHSD asking to contact the high school district with your high school preference.
- *outside* of the high school district, you should make contact with your resident high school district for placement **OR** initiate an Inter District Transfer in order to attend an EDUHSD school.

If you would like to register for a **different** high school than you are designated for, please contact the EDUHSD for details on a possible transfer. High School Registration information becomes available beginning as early as December. Please look for correspondence from both Valley View as well as the designated high school for next steps in January.
